

Grand opening ceremony of Phelps Medical Plaza in Holdrege

The Grand Opening and Ribbon Cutting of the Phelps Medical Plaza, 516 West 14th Ave., Holdrege, was held Saturday afternoon, April 19. Several from the community attended to see the new building, hear from the presenters and join with others for tours of the facility.

Congressman Adrian Smith was the guest speaker for the opening. The community also heard updates on the building from Michele High, president of the Phelps Memorial Health Center Board of Directors. Mark Harrel, PMHC CEO, introduced the building committee and Dr. Bill Sandy, representing the PMHC Medical Staff.

The Phelps Medical Plaza opened for patient care on Monday, Feb. 25, with the moves of Family Medical Specialties and Holdrege Pharmacy from the downtown locations to the new building on the corner of Broadway and 14th Ave. The Phelps Medical Plaza is owned by Phelps Memorial Health Center, which built the building to the specifications of the healthcare tenants.

The Phelps Specialty Services and the Phelps Oncology Clinic also opened in February.

Dr. Scott Strasburger, orthopedic surgeon, holds clinic at the Plaza every other Tuesday in the Specialty Services area, and also has surgeries that day at Phelps Memorial Health Center. Other physicians seeing patients at Specialty Services at the Plaza include Dr. Moore, podiatry, 3rd Wednesdays, Dr. Fletcher, pediatric cardiology by appointment, and Dr. Adam, OB/GYN every other Tuesday.

Chemotherapy and oncology services are on Thursdays at the Phelps Oncology Clinic. Dr. Hartman is at this clinic on the first and third Thursdays of each month, and chemotherapy is open on the usual schedule (every Thursday) at the Plaza.

The PMHC physical and occupational therapy department, moved into the Plaza in mid March. North Park Therapy Center is now known as Phelps Memorial Therapy Center, and is located in Suite 200, just to the left of the front door. The expanded space at the Plaza allows for more patients to be seen, and allows for more therapy services to be offered. There is a larger

gym, more patient care rooms, an occupational therapy department and more equipment. A new exercise pool, Hydroworx, gives the therapists another tool to help patients with their strength with the use of water.

The businesses in the Phelps Medical Plaza are identified by signs and by suite numbers. Family Medical Specialties, Suite 100; Phelps Memorial Therapy Center, Suite 200; Phelps Oncology Clinic, Suite 300; Phelps Specialty Services, Suite 400; and Holdrege Pharmacy, Suite 500.

Besides the medical components at the Phelps Medical Plaza, a coffee shop has also opened in the lobby of the building. Jitterz Too is open Monday through Friday, 8 to 2:30 pm, to serve specialty coffees and other beverages. The coffee shop is a branch of the Jitterz To Go on North Burlington in Holdrege.

For the Grand Opening of the Phelps Medical Plaza, PMHC Service League volunteers will serve coffee from Jitterz Too and desserts from Phelps Memorial Health Center.
