PRESENTERS

Darlene D. Bainbridge

Darlene D. Bainbridge is an accomplished health care executive with almost three decades of experience in the areas of health care quality, risk management, performance improvement, and leadership. She is currently working with the Kansas Statewide Performance Improvement Project and 58 of their Critical Access Hospitals in the development of quality and performance improvement practices and approaches that are specifically designed to meet the needs of the smaller health care organizations in reaching long-term sustainability and excellence.

Cheryl Erickson, RN

Cheryl Erickson is the Director of Nursing at Memorial Community Health in Aurora and is responsible for the management of patient care services. She graduated from Nebraska Methodist School of Nursing and has been employed at Memorial Community Health as the Director of Nursing since 1986.

Rebecca S. Hansbrough, RN, BSN, CNOR

Rebecca S. Hansbrough is a Clinical Quality Improvement Specialist at BryanLGH. She received her BSN from Nebraska Wesleyan University. Her current responsibilities include facilitation of clinical quality improvement teams, failure mode and effects analysis (FMEA), and root cause analyses (RCA). She is also responsible for the presentation of findings of RCA to Senior Management and Quality Council, various councils, teams, and clinical units.

Carol Kampschnieder, RN, MSN

Carol Kampschnieder is the Vice President of Clinical and Regulatory Services for Saint Francis Memorial Hospital in West Point. She is responsible for the clinical services of the hospital, serves as the QI Coordinator, the Corporate Compliance Officer, and the liaison to the Board of Directors, reporting quality improvement and corporate compliance activities to the board on a monthly basis. She is also a member of the board of the Nebraska Coalition for Patient Safety.

Diane Carlin Newman

Diane Carlin Newman is the CEO of Johnson County Hospital in Tecumseh. As the coordinator of the hospital's quality assurance program, her focus has been on the objective and systematic monitoring and evaluation of the quality and appropriateness of

patient care, while utilizing the Clinical Outcome Measurement System (COMS) reports prepared by NHA.

Sally Perkins

Sally Perkins is the Manager of Data Services for the Kansas Hospital Association. Sally joined the QHi Multi-State Benchmarking Project as the systems administrator in 2004. As the systems administrator, she facilitates QHi Advisory Committee meetings to review measures, conducts training, provides educational materials, analyzes system reports to address data integrity issues, and works with developers to maintain the QHi Web-based application.

Greg Schieke

Greg Schieke, Senior Vice President, CIMRO of Nebraska, has over 15 years of experience in the QIO community, including positions as Vice President, HCQIP Director, IQC Manager/Government Liaison, and Data Manager/Operations Coordinator. He also instructed BA and MBA students for 11 years as Adjunct Professor of Business Administration.

Jeffrey Spade, FACHE

Jeffrey Spade is the Vice President of the North Carolina Hospital Association and Executive Director of the North Carolina Rural Health Center. As Executive Director, his goal is to develop initiatives, programs and services to encourage and assist rural communities to create rational approaches for assuring continued, appropriate health care services.

Sharon Vandegrift, RN, ONC, MNEd, CPHQ

Sharon Vandegrift has an extensive background in health care quality and risk management and patient safety in a Critical Access Hospital/Long-Term Care facility, as well as in acute care. She has developed and implemented the patient safety, quality, and risk management programs at Jefferson Community Health Center and their long-term care facility in Fairbury.

Co-sponsored by the Nebraska Dept. of Health & Human Services,
Nebraska Rural Health Association, Nebraska Hospital Association
